2 THE CHAIRMAN: Delegate Mitchell, I don't think
3 it makes any difference. Delegate Wheatley has stated his
4 intention that in the event Amendment 3 fails, that he
5 will offer an amendment to change the word. I think we
6 can accept his statement that he will do so and regard it
7 as though it had been submitted earlier.

8 DELEGATE MITCHELL: Mr. President, I think that
9 the test should come now because there are a number of
10 people who are scared away from the idea of equal educa-
11 tional opportunity by the language of the Majority that the
12 General Assembly shall provide.

13 THE CHAIRMAN: I think they could accept
14 Delegate Wheatley's statement and consider that the section
15 will not read that way, assuming the Committee of the Whole
16 does it. Delegate Wheatley, you would have the privilege,
17 I think, as Chairman of the Committee, assuming you feel
18 you can thus speak for the Committee, to modify the report
19 of the Committee in the particular mentioned without sub-
20 mitting an amendment. I did not understand you to say you
21 were doing that, but I think you have that privilege.
